

# Nevado Aqua Compact

## Chimney Stove

### Technical details:

Nominal heating capacity:	8 kW
Water output up to:	65 %
Power range:	4 - 10 kw
Efficiency:	> 80 %
Weight:	
with steel cladding	260 kg
with ceramic cladding	293 kg
with natural stone cladding	357 kg

### Description:

The Nevado Aqua Compact supports, with its 5 kW power, the connected heating system or the hot water supply.

A special highlight of this fireplace is the integrated changeover damper, which allows the user to select the portion of the heating dedicated to the water system or the air power. When heating, the changeover damper is set to „air power“. So in a very short time the optimum operating temperature of the stove is reached.

### Variations:

Ceramic ahorn

Ceramic caffee latte

Serpetin natural stone

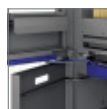

### Special Functions:

Ventilated door handle

Water System

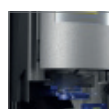

Ambient air-independent combustion

Changeover damper

### Accessory:

OEC

Olsberg installation unit

Temperature Difference Controller

Stainless steel corrugated hose

Universal accessories
