

Palena PowerBloc! Compact Chimney Stove

Technical Details:

Nominal heating capacity:	5 kW
Power range:	3 - 7 kW
Efficiency:	> 80 %
Weight:	
with steel cladding	208 kg
with steel cladding Palena PowerBloc!	228 kg 50 kg

Description:

Along with the fascination of the fire, the incorporated PowerBloc! with its storage mass ensures pleasant, long-lasting warmth even if the chimney stove is no longer being heated. Particular advantages: Building inspectorate authorisation for ambient air - independent operation and PowerBloc! with regulated heat release – suitable for low-energy homes.
